

BORN OUT OF HIS LOVE

Chorus:

We were born out of His love
We were born to be all we can be
We were born out of His love
We were born to be free

Will the world yet contain us,
Push us deep within a mold
Will the world yet enslave us,
To be bought to be sold...

Chorus:

Do we live our lives in darkness,
To be chained within the night
We can leave behind the darkness
We can live in the light...

Chorus:

Stop and take a look around you,
See the wonders just above
Ocean, stars, and life surround you
All were given out of love ...
