

I'LL STILL BE LOVING YOU

When gray skies are filling your eyes, and
You're feeling down and blue
When tears you have wept
Over dreams you've not met
I'll still be loving you
I'll still be loving you

So open your heart tonight, and
Let all my love come true
I'll be there for you
In all that you do
I will be loving you
I will be loving you

Come walk your life with me
Learn how we'll always be
One in your heart, right from the start
Simple and free
And if you're ever blue
I'll be there holding you
Watchful am I, through day or night
Right by your side

The road you must travel is far
And many a day will pass
I'll be there for you
Faithful and true
I will be loving you
I'll still be loving you
I will be loving you
